No transfer of any Bond shall be effective until entered on the registration books.

In all cases upon the transfer of a Bond, the Bond Registrar will enter the transfer of ownership in the registration books and will authenticate and deliver in the name of the transferee or transferees a new fully registered Bond or Bonds of authorized denominations (except that no Bond shall be issued which relates to more than a single principal maturity) for the aggregate principal amount which the registered owner is entitled to receive at the earliest practicable time in accordance with the provisions of this Section. The District or the Bond Registrar will charge the registered owner of such Bond, for every such transfer of a Bond, an amount sufficient to reimburse them for any transfer fee, tax or governmental charge required to be paid with respect to such transfer, and may require that such transfer fee, tax or governmental charge be paid before any such new Bond shall be delivered.

The District and the Bond Registrar will not be required to issue or transfer any

Bonds during a period beginning with the opening of business on the 15th business day next preceding either any interest payment date or any date of selection of Bonds to be redeemed and ending with the close of business on the interest payment date or day on which the applicable notice of redemption is given or to transfer any Bonds which have been selected or called for redemption.

January 1, 1998 and July 1, 1998	1%
Thereafter no premium shall be paid	

The first Bond to be redeemed shall be chosen by lot out of the Bonds of the maturity midway to the end of the term of the Bonds from the date of redemption. Successive Bonds shall be chosen by lot from the maturity on either side thereof commencing with the later adjacent maturity, so that Bonds called for redemption shall be a pro rata part of each maturity for which the current levy of the Annual Assessment Installment has been posted to the records of the District or where Annual Assessment Installments are collected as a part of the Property Tax bill, posted to the Tax Bills. The Treasurer shall notify the Bond Registrar at least 45 days prior to a bond redemption date of the availability of funds to call any Bonds for redemption prior to maturity. The installments of interest payable on such temporary Bonds shall be payable in the same manner as the interest on the definitive Bonds. The Bond Registrar and Paying Agent, upon the surrender of such temporary Bonds, for exchange, and upon cancellation of such surrendered temporary Bonds, without charge to the registered owner thereof, shall deliver in exchange therefor, definitive Bonds, of the same aggregate principal amount and maturity as the temporary Bonds surrendered. Until so exchanged, the temporary Bonds shall in all respects be entitled to the same benefits and security as definitive Bonds issued pursuant to this Resolution.

Section 8. For the purposes of providing for the payment of the principal of and interest on the Bonds, as and when the same shall become due and payable, the Governing Body of the District shall cause to be levied and collected the semi-annual assessment installments to be paid by the owners of properties within the Improvement District, all as shown on the recorded Assessment. All assessments shall be collectable in the manner and by the officers provided by the law for the collection and enforcement of the general taxes levied by the District in accordance with Arizona Revised Statutes Section 48-946. All proceeds of such assessments shall be placed in a special fund to be created by the Treasurer to be known as the "Mogollon Airpark County Improvement District Special Bond Fund" hereby established pursuant to Section 48-933 Arizona Revised Statutes, as amended, and applied to the payment of, the principal of, premium, if any, and interest on the Bonds, by payment to the Bond Registrar pursuant to the Bond Registrar and Paying Agent Agreement, the terms of which are incorporated herein by reference, as and when the same shall become due and payable. In addition, subject to the conditions set forth in the Notice, property owners subject to assessment may at any time prior to the expiration of the term of this bond issue pay off the assessments on any parcel of property, along with all applicable interest amounts as set forth in the Notice, plus a prepayment premium equal to five percent (5%) of the principal balance of the assessment which is paid in full. The proceeds of such payoffs shall be accounted for separately and shall, as provided in this Resolution, be transferred semiannually to the Bond Registrar and used to call Bonds for redemption prior to their maturity. Any payoff monies received prior to their transfer to the Bond Registrar shall be invested by the Treasurer in lawful investments as prescribed by statute for investing sinking funds of the State of Arizona or any political subdivision thereof, and the proceeds of such investments shall be applied to the redemption of Bonds prior to maturity. The Bonds shall not constitute a general obligation or indebtedness of the District or Navajo County, Arizona but shall be payable solely from the proceeds of said assessment installments or payoffs plus premiums and penalties as provided herein.

Section 9. The District covenants with the registered owners of the Bonds from time to time outstanding that so long as any of the Bonds remain outstanding, monies on deposit in any fund or account in connection with the Bonds, whether or not such monies are derived from the proceeds from the sale of the Bonds, or from any other sources, will not be used in a manner which will cause the Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Internal Revenue Code of 1986, (the Code) and any and all regulations promulgated thereunder. Further, the District covenants, that it will seek competent professional assistance to adequately assure compliance with the Code.

Section 10. Pursuant to Title 48, Chapter 6, Article 1, Section 48-935 H, Arizona Revised Statutes, as amended, a reserve fund is hereby established by the Board of

Directors of the District, such reserve fund to be funded first out of the proceeds of the sale of the Bonds, or if not sufficient in amount, out of an increase in the amount of the annual assessment installments, over and above the amount required to pay principal and interest on the Bonds for the current year. The reserve fund shall be maintained in an amount equal to or greater than an amount equal to that proportion of the total annual assessment installment owing and due for a particular year times the percent, measured in dollars, of the previous years annual assessment installments which are or were not timely collected by the Treasurer, as compared to the total annual assessment installments for the year. In the first year said percentage shall be determined by using Navajo County's general ad valorem taxes, for the area encompassed by the District, in lieu of the previous year's annual assessment installment. However, at no time shall the amount of funds in the reserve fund exceed ten percent (10%) of the total principal amount of Bonds issued hereunder, exclusive of the amount issued to pay the costs of issuance thereon. In addition, the Board covenants that in the event that sufficient revenues are not in the Bond Fund to pay any installment of principal or interest when due, that the Board will cause to be transferred into or paid into the Bond Fund, from any lawful source, sufficient monies to pay all principal and interest payments on the Bonds in a timely manner. The Board shall not, however, make any transfer into said fund which would cause the interest on the Bonds to no longer be tax exempt.

Section 11. The sale of the Bonds to _____ at a purchase price of \$ _____ in accordance with their proposal dated _____, 1988, is hereby approved and the Chairman and the Clerk of the District are hereby authorized to indicate such approval by execution of such proposal submitted to the Board, and the Treasurer is hereby authorized to deliver the Bonds to the Bond Registrar for delivery to the purchaser upon receipt of payment of the purchase price thereof, including all principal, premium bid, if any, plus interest accrued from June 1, 1988, to the date of payment therefore. The proceeds from the sale of the Bonds shall be deposited with the Treasurer and held for the credit of the District. The proceeds from the sale of the Bonds shall be applied to the payment of the cost of improving and paving certain roads within the Improvement District, and incidental expenses in accordance with the approved plans, specifications and bid documents prepared by the District Engineer, and to pay costs incurred in connection with the issuance of the Bonds. Pending use of the Bond proceeds, the Treasurer shall invest the Bond proceeds in any investments for which sinking funds of the State of Arizona or any political subdivision thereof may be invested or in the pooled investment fund established pursuant to Arizona Revised Statutes Section 35-326. Upon the approval of the assessment and the completion of construction, all monies remaining in the Construction Fund not expected to be used to pay the final amounts owed to the Contractor or for the payment of interest or the payment of final incidental expenses shall be transferred to the Bond Fund and be applied to the reduction of all assessments and refunded to those persons who paid their assessments in cash and the remainder to the redemption of the Bonds.

Section 12. This Resolution constitutes a contract with the registered owners of the Bonds. Subsequent to delivery of any of the Bonds authorized herein, no material modification or amendment of this Resolution or of any resolution amendatory hereof or supplemental hereto, may be made without consent in writing of the registered owners of all the principal amount of the Bonds then outstanding; provided, however, that no modification or amendment shall permit a change in the maturity of such Bonds or a modification in the rate or rates of interest thereon, or in the amount of the principal obligation thereof, or affecting the unconditional promise of the District to pay the principal of and interest on said Bonds as they shall become due from the monies in the Special Bond Fund, or reduce the percentage of Bondholders required to consent to any material modification or amendment of this Resolution, without the consent of all of the registered owners of such Bonds.

Section 13. If then permitted by law, the District may issue obligations for the purpose of refunding the Bonds or for any other lawful purpose payable from the assessments deposited in the Special Bond Fund created pursuant to Section 8 hereof, provided that prior to or simultaneously with the issuance of such obligations there shall have been irrevocably deposited with the Treasurer of the District or a bank or trust company and pledged to the payment of the Bonds, cash in an amount sufficient, or direct obligations of, or obligations fully guaranteed by, the United States of America, the principal of and interest on which will be sufficient, to pay the principal of and interest on the Bonds as and when the same shall become due and payable.

Section 14. All actions taken by the Board, or Superintendent of Streets with respect to the execution and circulation of the Notice and with respect to receiving and opening the bids and announcing the winning bidder are hereby ratified and confirmed and all prior acts of the Board or Superintendent of Streets are hereby ratified and confirmed.

Section 15. The Board hereby ratifies and approves the form of the Notice Inviting Proposals for the Sale of Bonds and incorporates the terms and conditions set forth therein into this resolution as if fully set forth herein.

Section 16. The Board hereby and ratifies all proceedings taken in this matter to date.

Section 17. The Board hereby confirms the assessment and ratifies the certification by the Superintendent of Streets of the unpaid Assessments for the Mogollon Airpark County Improvement District.

19. The Bonds are being issued for the purpose of providing funds to be applied to the (i) payment of the costs of constructing certain improvements (the "Project") which project was initiated on Resolution of Intention No. 102-87, adopted by the Board of Directors of the District on November 2, 1987, (ii) payment of incidental expenses, including engineering, legal, and financial consulting fees, publishing and posting costs, costs incurred in making the assessments, and costs of inspection (the "Incidental Expenses") and, (iii) the payment of interest on the Bonds during the period of construction of the Project and for a period of approximately three months thereafter.

21. In accordance with the terms of the Bond Resolution, it is expected that the proceeds from the sale of the Bonds (exclusive of accrued interest which will be deposited in the Bond Fund as hereinafter defined) will be deposited in a special fund, along with all prepaid assessments received, and funds received from the Developer of the property pursuant to an agreement with Navajo County, with the Treasurer of Navajo County, the ex officio Treasurer of the District and will be fully needed for and applied to the payment of costs of the Project and costs of issuance of the Bonds, as follows:

Construction of Facilities	\$180,000.00

22. It is expected that all of the proceeds from the sale of the Bonds, together with any interest earnings thereon, will be expended within one year from the date hereof to pay for part of the costs of construction of the Project and Costs of Issuance of the Bonds. Any proceeds from the sale of the Bonds which remain after the payment of such costs and expenses will be used to reduce the annual assessment installments.

23. The District has, prior to or on the date hereof, entered into a construction agreement with a third party for the construction of the Project involving the expenditure of at least 2 1/2% of that portion of the costs of the Project to be financed out of proceeds of the Bonds. The District certifies that it is a small Governmental Unit as defined in the Internal Revenue Code of 1986 Section 148 (f)(4)(C) to wit:

i) it is a Governmental Unit with general taxing powers.

ii) no bonds which are a part of this issue are private activity bonds as defined in the Internal Revenue Code of 1986 Section 141.

iii) 95 percent or more of the net proceeds of such issue are to be used for local governmental activities for issuer;

iv) the aggregate face amount of all tax exempt bonds other than private activity bonds, issued by the District and all subordinate entities thereof during the calendar year in which this issue is issued is not reasonably expected to exceed \$5,000,000.00

24. It is expected that construction and improvement of the Project will proceed with due diligence until completion thereof, which is expected to occur before September 15, 1988.

25. The Bonds are payable solely from assessments levied with respect to the real property within the District and it is not expected that any other source of funds will be available for or applied to payment of debt service on the Bonds. If any funded interest remains in the construction fund after completion of the construction of the Project, such funded interest shall be used to pay interest on the Bonds on the next succeeding interest date.

26. It is expected that payments of assessments will be applied to the payment of principal and interest on the bonds thereof within thirteen (13) months of the date of receipt of such payments; the District does not have sufficient prior experience with these assessments as to which may be prepaid to have any expectation with respect to whether prepayments of assessments will be made prior to the maturity of the Bonds; provided, however, to the extent that there are prepayments of assessments which are sufficient to permit the investment thereof, such prepayments shall be invested only in

investments having a yield no greater than the yield on the Bonds, as determined under Section 148 of the Internal Revenue Code of 1986, (the "Code"), unless the District shall have first received an opinion of nationally recognized bond counsel to the effect that such investment, would not have caused the Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code; or unless said amounts and activities are within the Exception for Small Governmental Units set forth in the Internal Revenue Code of 1986, Section 148 (f)(4)(C).

27. That the Bonds constitute the only bonds or other obligations of the District in any manner secured by or payable from the special assessments levied by the District pursuant to these proceedings or any proceedings held prior hereto, against the real property within the District. The District has not issued and does not expect to issue any obligations, other than the Bonds, which have been or will be (i) issued at substantially the same time as the Bonds, (ii) sold pursuant to a plan of financing common to that of the Bonds, and (iii) paid out of substantially the same source of funds (or having substantially the same claim to be paid out of substantially the same source of funds) as the Bonds.

28. It is not expected that amounts on deposit in any fund or account held by the Treasurer under the Bond Resolution other than the Bond Fund will be used to pay debt service on the Bonds, except for all capitalized interest held in the Construction Fund.

29. The District has not been listed in the Internal Revenue Bulletin as an issuer whose certificate as to arbitrage may not be relied upon with respect to its own issues nor has it been advised that any such action is contemplated by the Commissioner of Internal Revenue.

30. This certification is being executed and delivered pursuant to the Internal Revenue Code of 1986, and Treasury Regulations Sections 1.103-13, 1.103-14 and 1.103-15.

31. The Bonds are not and will not be part of a transaction or series of transactions that attempts to circumvent the provisions of Section 148 of the Code and the Treasury regulations, (a) enabling the Issuer to exploit the difference between tax exempt and taxable interest rates to gain a material financial advantage and (b) increasing the burden on the market for tax exempt obligations.

32. The District covenants that it will not make or permit any use of the proceeds of the Bonds which if such use had been reasonably expected on the date of issuance of the Bonds, would have caused the Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code, and applicable regulations promulgated thereunder, and further covenants that it will observe and not violate the requirements of Code Section 148 and any applicable regulations.

33. The District agrees that there shall be paid from time to time all amounts, if any, required to be rebated to the United States pursuant to Section 148(f) of the Code and any temporary, proposed or final Treasury Regulations as may be applied to the Bonds from time to time. The District agrees to engage qualified professional assistance to aid in analyzing and determining the continuing obligations, if any, of the District to rebate any arbitrage earnings in accordance with the code and all appropriate regulations promulgated thereunder.

34. The District has covenanted that if at any time it is necessary to restrict or limit the yield on the investment of any money held by the District, the District shall

take such action as may be necessary.

35. Nothing has come to the attention or perception of the undersigned that would lead the undersigned to believe that the portions of the Official Statement describing the Project, the Bonds, estimated sources and use of funds, and bondholders' risks contained in the Official Statement are not correct in all material respects as defined by the laws of the State of Arizona and those of the United States. No facts have come to our attention which lead us to believe that the Official Statement contains any untrue statement of a material fact or omits to state any material fact necessary in order to make the statements therein in light of the circumstances under which they are made, not misleading.

To the best of my information, knowledge and belief, the above expectations are reasonable.

IN WITNESS WHEREOF, the undersigned have hereunto set their official signatures this 13th day of June, 1988.
